

Riva Days, Venice 22 – 27 August 2018

Event open to the wooden and fiberglass boats by Carlo Riva; to Rudy, St. Tropez and Riva 2000. Because of logistics and for the smooth running of the event, participation is limited to 28 boats and up to 90/100 people.

Boats that subscribed to the Riva Days 2017 and those of the sponsors are accepted by right. Due to the number of aspirant entries arriving, the selection of further boats will be made basing on the parameters of aesthetics, maintenance and originality of the RHS Historical Judging Score, giving priority to the Olympics, to which the event is entitled.

Responsibility and rules.

No responsibility will be charged to the Riva Historical Society for damages or inconveniences in the water or ashore. Each participant must have the necessary documents and licenses and any safety and navigation device aboard which is required by the law of his own nation.

All boats must have an anchor aboard and, when at mooring, at least 3 fenders per side, of the adequate dimensions.

Participants will have to respect the speed limits of the Laguna, which are controlled by speed cameras; may not take the canals reserved for residents and may take the Grand Canal only during the parade; also, will have to respect the precedence in the order of arrival at mooring, launching and hauling and to behave carefully during the group cruising.

Boats from some Countries have their National plate. Those that don't have it, will need the Laguna Veneta plate. If this is requested by the organization on behalf of the boat owner, the signatory for the request is accountable to the authorities, whereby the owner of the boat that committed irregularities must compensate the organization.

If an entrant arrives with a boat other than the one of the photo he sent, his participation is not permitted if the boat does not comply with the parameters of the Historical Judging Score.

The participation to the trials is a free choice of the participants and the owners of the boats; it is their responsibility to decide if they will take part in the trials, depending on the weather conditions and the ability and training of their crew.
